VIENNA 2026

JUNE 4-7

KROMA
Atelier

Kroma Atelier welcomes you to Vienna for our biggest showing ever, across five rooms with five of our speakers on demonstration.

We will be in three rooms at High End Vienna at the ACV, and another two at VIENNA SOUND Fest, just 2 minutes walk away at the *Tech Gate* building.

Don't miss our **108m²** room *Multimedia Stage City* at VIENNA SOUND Fest, where our flagship *Maribel* speaker will be driven by the full *Wadax* Atlantis Reference and *Engström's* heavyweight *ERIC Encore* power amplifiers — a unique opportunity to experience a truly world class system.
